

Working with an Expert

Choose which areas you would like to receive 1:1 mentoring in as part of your free 9-hour package.

Leading Change

The survival and growth of businesses rely on the ability of their leaders to navigate the challenges that arise within their business and in the external environment.

The Covid-19 pandemic has brought additional challenges to business and at this particularly difficult time it is even more important to pause, take stock and reflect on the best actions to take to bring about the changes required.

Leaders can benefit from having a sounding board with whom they can exchange ideas and develop plans for putting those ideas into action. Through 1:1 mentoring you will gain fresh perspectives on your own organisational challenges.

The 1:1 mentoring sessions will be useful for business leaders that want to take their organisation in a new direction or do things differently and want to ensure they bring their staff on that journey with them.

What would you like to know about during your 1:1 mentoring sessions?

Anita can help you to:

- Identify the models for change management best suited to delivering the changes you want to see in your organisation;
- Develop and recognise key talent;
- Understand and identify those who are resistant to change and how to deal with that positively
- Recognise the importance of your role as the leader of change and your own behaviours

To create your 9-hour package, you could choose to focus on one theme, or do a mixture of themes. Other themes include Strategy, Operations & Processes and Digital Customer Insights.

Your Business Support Facilitator can assist you with creating your mentoring package.

WHO IS OUR EXPERT?

Anita Thornberry – Executive Director at the Haven Gateway Partnership

Anita's career began in the City of London working on the foreign exchange markets. She then decided to change direction and work in economic growth and has held senior strategic leadership roles for the past 15 years.

Anita leads the Haven Gateway Partnership, setting strategic direction and overseeing its delivery. She also works as a consultant, advising organisations on strategic direction and leadership as well as writing bespoke strategies for them.
